

INSTRUCTIONS

Installation Materials needed: Wire Ties (provided)
Wire Cutters

Estimated Install time: 30 minutes

1. Start by opening your hood and propping your hood up.
2. Remove the existing upper grill.
3. Put the grill in place – please note the location of the notch cutout for the hood latch release and install the grill so that you can release your hood in the future.

4. Starting from behind the grill, run wire ties through the old screw holes, through a grill hole and back around a vertically adjacent grill hole.
5. Repeat for all the old grill screw holes

6. Cut the wire tie excess, close your hood and you are done.
