

INSTRUCTIONS

Materials needed: Grills

Estimated Install time: 10 minutes

1. Start by orienting your inserts with the silver tabs to the bottom.
2. Take one of the inserts and put it behind the existing opening.
3. Center the insert so that it covers all of the opening and press forward on the silver tabs in a way that they clip onto the existing grill (Tabs should be roughly here).
4. Repeat for other side and then test their strength by gently tapping on the grill to ensure it is on correctly.
